

Letti

Supernova

Revival anni Trenta, ammantato di contemporaneità per il letto matrimoniale con o senza comodini integrati. La struttura in tubi di metallo con testine arrotondate rende riconoscibile lo stile della collezione d'arredo Supernova, completato da una testiera composta da due maxi cuscini e da giroletto in legno, che è anche possibile rivestire in tessuto, ecopelle o pelle.

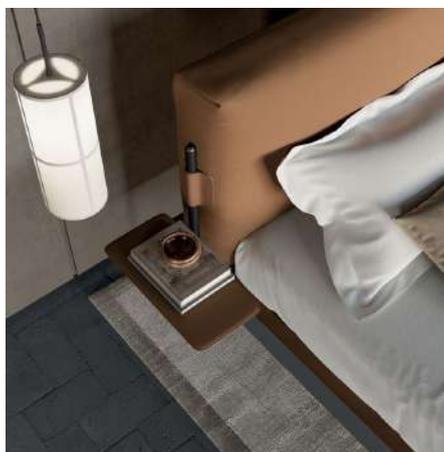

LETTO MATRIMONIALE PER SPAZI CONTENUTI

Puoi inserire Supernova anche in camere piccole perché è disponibile nella versione letto senza comodini, oltre che in quella con comodini integrati. Questi ultimi sono mensole di metallo rivestite in cuoio, fissate alla struttura mediante un meccanismo che ne consente la rotazione. Quando invece gli spazi sono più ampi è possibile accostare i comodini Supernova o di altre collezioni, come nella composizione qui presentata, che vi abbina i comodini Lama, e magari aggiungere elementi ulteriori quali la panca Supernova e la specchiera Selene.

LETTO CON DETTAGLI IN CUIOIO

Supernova acquisisce ancora più carattere come letto matrimoniale con dettagli in cuoio. Ai cuscini in tessuto, pelle o ecopelle che formano la testiera sono abbinati il rivestimento in cuoio delle mensole girevoli montate ai lati della testiera stessa e la finitura superiore del giroletto in legno. Sono elementi raffinati, che esibiscono quel sapore artigianale caro a Dall'Agnese.
